Degree or Status :

Field of research :

Motivation for attending to the *Ecole Thématique*:

Experience with R language:

I have never used it

I already used it for basic functions

I use it from time to time

I use it very often

I have already used some other programming languages (python, SQL, etc.)

I have already used some push-button applications for network analysis
(Visone, Gephi, Pajek, Cytoscape, etc.)

Remarks:

(The Ecole Thématique is open to beginners in R. Those informations will be used for the creation of balanced working groups)

I want to attend to the introductory course on R - Bloc 0:

(required if no experience with R and spatial data in R)

Yes

No

I understand talks in:

English

French

German
