

# Benjamin Kiessling

---

CONTACT INFORMATION	27 rue Auvry 93300 Aubervilliers France	<i>mobile:</i> +33 7 67 53 59 58 <i>email:</i> benjamin.kiessling@psl.eu
PERSONAL INFORMATION	Date of Birth Nationality	31/12/1991 German
EDUCATION AND DEGREES	April 2021  October 2012 - October 2016  October 2009 - February 2013  August 2008 - July 2009	PhD, Computer Science, École Pratique des Hautes Études, Université PSL, <i>Advances in Optical Character Recognition for Historical Arabic Documents</i> Dissertation Committee: Marc Bui (Directeur de thèse) Gregory Crane (Rapporteur) Nachum Dershowitz (Rapporteur) Alicia Fornés Peter Stokes (Président) Daniel Stökl Ben Ezra M.Sc. Computer Science, University of Leipzig, <i>Median Strings for OCR Post-correction</i> B.Sc. Computer Science, University of Leipzig Academic Honors High School Diploma, Rockville Jr-Sr High School, USA
ACADEMIC AFFILIATIONS AND WORK EXPERIENCE	<b>École Pratique des Hautes Études</b> , Université PSL, Paris UMR 8546 Archéologie et Philologie d'Orient et d'Occident  <i>Research Engineer</i>	<b>May 2018 -</b> <ul style="list-style-type: none"><li>• Machine learning for paleographic and epigraphic applications</li><li>• Principal involvement in the following projects:<ul style="list-style-type: none"><li>• <b>Biblissima+</b>: Transformer-based document analysis, unsupervised pre-training of OCR models</li><li>• <b>ALTO</b>: Evolution of the standard for better handwriting, non-Latin text, and complex layout encoding</li><li>• <b>DIM STCN</b>: Conception of a high performance cluster for large-scale text recognition and ancillary tasks</li><li>• <b>RESILIENCE</b>: Trainable document layout analysis methods for complex manuscripts</li><li>• <b>Tikkoun Sofrim</b> and <b>Sofer Mahir</b>: OCR for medieval Hebrew manuscripts with crowdsourcing integration for postcorrection</li><li>• <b>eScripta</b> in PSL Scripta: Adaptation of an OCR engine for handwritten text recognition as part of the eScriptorium platform; preparation of open datasets for text recognition and layout analysis</li></ul></li></ul>
	<b>Saxon Academy of Sciences</b> , Leipzig  <i>Researcher</i>	<b>April 2018</b> <ul style="list-style-type: none"><li>• Implementation of an OCR workflow for Arabic manuscript catalogues in the <b>Bibliotheca Arabica</b> project</li></ul>
	<b>Faculty of Information Sciences and Knowledge Studies</b> , University of Tehran (faculty sponsor: Prof. Fatima Fahimnia)	

*Visiting Researcher*

**December 2017 - February 2018**

- Development of a text line layout analysis method for a corpus of Iranian newspapers and periodicals
- Survey on characteristics of historical Persian language manuscript page layout
- Two introductory seminars on the principles of OCR for M.Sc. students of Information Science

**Alexander-von-Humboldt-Chair of Digital Humanities**, Department of Computer Science, University of Leipzig

*Researcher*

**February 2017 - April 2018**

- Methods of OCR based on artificial neural networks
- Page layout analysis using deep learning
- Training of OCR models for Arabic, Persian, Syriac, polytonic Greek, Hebrew, and style detection
- Evaluation of distributed training data creation using a crowdsourcing platform
- Integration of OCR functionality in a distributed corpus-building tool as part of **OpenITI/ShariaSource**

*Research Assistant*

**February 2014 - January 2017**

- Development of a distributed OCR pipeline
- Survey on dictionary-based OCR postcorrection for polytonic Greek texts
- **EUDAT** pilot project on the long-term archival of corpus data
- Training of neural networks for recognition of classical Arabic texts

**Lehrstuhl für Rechnernetze und verteilte Systeme**, Department of Computer Science, University of Leipzig

*Research Assistant*

**August 2011 - February 2014**

- Development of a wireless measurement infrastructure for IEEE 802.11n networks
- Port and enhancement of an ath9k patchset for the Linux kernel

**EPAK GmbH**, Leipzig

*Network Administrator/Software Developer*

**July 2009 - August 2011**

## TEACHING

2022

*Intelligence artificielle pour les SHS : initiation à la transcription automatique des documents (Artificial Intelligence for the Humanities: Text Recognition Tutorial)*, PSL-week, lectures and tutorials (8h), EPHE, PSL University

2020-2022

*Fouille de données et apprentissage (Data Mining and Machine Learning)*, 2nd year Master Digital Humanities, lectures and tutorials (12h), University of Tours

2020-2021

*Systèmes d'exploitation et Web (Operating Systems and Web)*, 1st year Master Digital Humanities, lectures, tutorials, and practical classes (12h), University of Tours

PUBLIC ENGAGEMENT	2021	<i>Paroles de chercheuses et chercheurs</i> , seminar, science communication for high school students, Lycée Gustave Monod, Enghien-les-Bains
SKILLS	Programming languages Software Formats and Standards	C, Python, Perl, Bash, Tcl pytorch, tensorflow, lxml, numpy, scipy METS, MODS, ALTO, hOCR, Page XML, MARCXML, TEI, Handle, Uni- code, protobuf, JSON, Arrow
LANGUAGES	German English French	native speaker bilingual intermediate/upper-intermediate
PHD THESIS	<b>Benjamin Kiessling</b> . “Advances in Optical Character Recognition for Historical Arabic Documents (Avancées en Reconnaissance Optique des Caractères pour les Documents Arabes Historiques)”. PhD thesis. École Pratique des Hautes Études, Université PSL, Paris, Apr. 2021

ORAL  
COMMUNICATIONS  
AND INVITED  
TALKS

**Benjamin Kiessling.** “Why We don’t Postcorrect”. presented at the International Workshop on Error Correcting HTR, Ca’ Foscari University, Venice. Nov. 2022

**Benjamin Kiessling.** “New Developments in Kraken and eScriptorium”. presented at the Documents anciens et reconnaissance automatique des écritures manuscrites workshop, Ecole Nationale des Chartes, Paris. June 2022

**Benjamin Kiessling.** “eScriptorium : une plateforme d’applications web pour la transcription automatique de documents manuscrits ou imprimés”. presented at the Atelier Digit-Hum, ENS, Paris. Oct. 2021

**Benjamin Kiessling.** “Kraken - A universal text recognizer for the humanities”. presented at the Open Islamicate Texts Initiative Workshop, University of Maryland. Jan. 2020

**Benjamin Kiessling.** “The Limits to Digitization”. presented at the Dark Archives conference, Faculty of English, Oxford University. Sept. 2019

**Benjamin Kiessling.** “The intricacies of Arabic manuscript layout analysis”. presented at Digital Humanities Conference: Crowdsourcing and Citizen Science, University of Haifa. May 2019

**Benjamin Kiessling.** “The Kraken OCR engine for historical documents”. Workshop held at ManuSciences '19, Franco-German summer school. Mar. 2019

**Benjamin Kiessling.** “OCR-Processing in Leipzig’s OpenPhilology Project”. presented at 14th PhilTag meeting, KALLIMACHOS, University of Würzburg. 2017

**Benjamin Kiessling.** “Kraken and the Future of Arabic OCR”. Workshop held at the Genealogies of Knowledge group, University of Manchester. 2017

**Benjamin Kiessling.** “The State of Arabic Script OCR”. presented at meeting on the current state of Arabic OCR, Digital Library of the Eastern Mediterranean, Harvard University. 2017
